

## RECOMMENDATION

My name is **Nellie Mladenova**. I am a headmistress of Sofia English Language School. At the same time I am methodist at the "St. St. Cyril and Methodius" Foundation, helping students for the Cambridge exams, TOEFL and SAT I for the international universities.

I have come in contact with 'ONETWOWEB' in the course of my preparing the website of the school and some materials for the foundation.

The firm has done an excellent job because they were highly motivated in their work and showed an insatiable interest in the presentation of the educational characteristics.

They displayed competence in the computer sciences and applications. Their potentials are highly promising. They have excellent perspectives in this field of services.

I warmly recommend them to any institution, which needs such help
